TOHOKUSHINSHA FILM CORPORATION (TFC, Head Office: Minato-ku, Tokyo; President & CEO, Representative Director: Keiichi Kosaka) will exhibit at ChinaJoy 2025, one of Asia's largest digital entertainment expos, taking place in Shanghai, China from Friday, August 1 to Monday, August 4, 2025. The company will participate in the BtoB exhibition (Booth No. W4-A175) during the first three days of the event, from Friday, August 1 to Sunday, August 3.

TFC's booth at ChinaJoy 2024 welcomed many visitors and generated strong interest.

● Overview

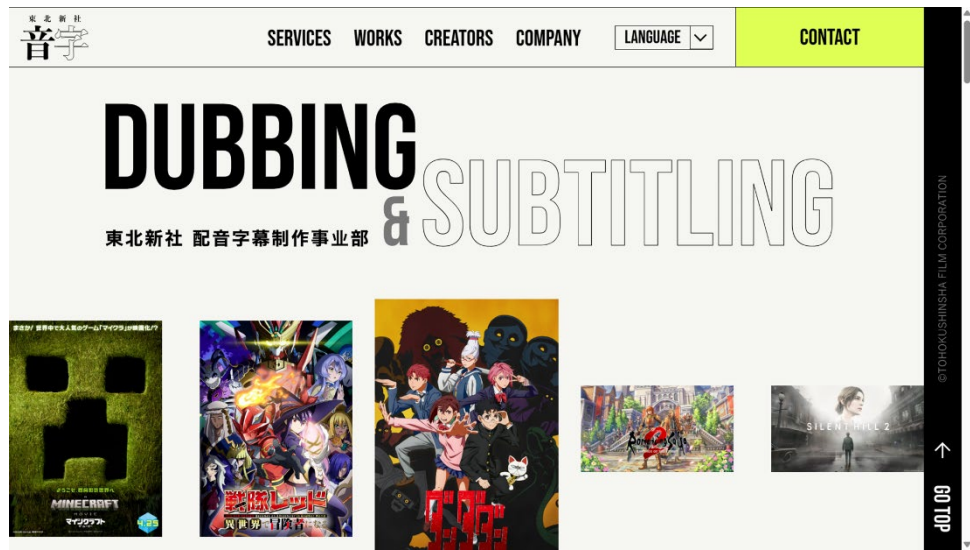

-Tohokushinsha Film Corporation will return to ChinaJoy 2025 with an expanded booth to strengthen partnerships and enhance its presence in the Asian market through its high-level audio production capabilities for film, TV series, animation, and games.

-The company will also participate in the 2025 China International Game Developers Conference (CIGDC), where it will deliver a presentation and co-host an industry event on August 1 with CASTALIA AUDIO and Tsugi GK, showcasing collaborative production models, technologies, and voice talent expertise.

-In April 2025, Tohokushinsha launched a new Game & Animation Audio Production Center, accelerating global expansion with enhanced multilingual localization services and boosting support for Chinese-language projects.

Since its founding, Tohokushinsha's Dubbing and Subtitling Business Division has been recognized as a creative leader in the industry, handling high profile Japanese dubbing and subtitle productions for overseas films and television series (for theatrical releases, streaming platforms, broadcasts, and DVDs), as well as audio production on numerous highly anticipated animated titles. Its outstanding creative capabilities have earned strong acclaim within the industry.

In recent years, Tohokushinsha has expanded into the game audio production field, leveraging its extensive audio production expertise to work on titles such as *FINAL FANTASY XVI* and *Monster Hunter Rise*.

Following its participation last year, this marks Tohokushinsha's second consecutive exhibition at ChinaJoy. For this year's event, the company has expanded its booth to facilitate broader discussions and proposals with local companies. Goals include increasing brand awareness in the Asian market—including China—and establishing new partnerships in the field of audio production.

In addition to its presence at ChinaJoy 2025, Tohokushinsha will participate as a partner company in the 2025 China International Game Developers Conference (CIGDC), which will be held in Shanghai from Tuesday, July 29 to Friday, August 1. There, Tohokushinsha will represent Japan's audio production industry through a dedicated presentation.

Furthermore, on Friday, August 1, Tohokushinsha will co-host a joint event at the Game Museum of CADPA (China Audio-video and Digital Publishing Association) in collaboration with CASTALIA AUDIO, a Shanghai-based music production company, and Tsugi GK, a sound tools development firm based in Niigata, Japan. The event will showcase each company's strengths and expertise to industry professionals.

Tohokushinsha remains committed to expanding its technological expertise globally and to supporting the creation of world-class content through collaboration with partners across Asia.

Establishment of Game & Animation Audio Production Center to Strengthen Presence in the Chinese Market

To strengthen its global audio production capabilities in the game and animation sectors, TFC established a new specialized unit, the **Game & Animation Audio Production Center**, on April 1, 2025. The Center features an expanded team—including Chinese-speaking staff members—and is equipped to swiftly deliver high-quality multilingual productions at a global standard, including voice recording, sound effects and music creation, and script localization.

In addition to its game and animation initiatives, the company is also accelerating global efforts through its overseas film and TV series audio production division—Tohokushinsha’s longest-standing department—by actively localizing Chinese short dramas for Japanese audiences.
